

10/529720
JC17 Rec'd PCT/PTO 30 MAR 2005

Amendments To The Specification:

In the English translation document, please delete the term --Description-- at page 1 written line 1, before the title.

In the English translation document, please add the paragraph at page 1 after written line 4, after the title, as follows:

--CROSS REFERENCE TO RELATED APPLICATIONS

This application is the US National Stage of International Application No. PCT/DE2003/002662, filed August 7, 2003 and claims the benefit thereof. The International Application claims the benefits of German application No. 10245562.7 filed September 30, 2002, both applications are incorporated by reference herein in their entirety.--

In the English translation document, please add the section heading at page 1 after written line 4, after the newly added CROSS REFERENCE TO RELATED APPLICATIONS section, as follows:

--FIELD OF THE INVENTION--

In the English translation document, please amend the paragraph at page 1 written lines 5-8, as follows:

The invention relates to a data communications system ~~in accordance with the preamble of Claim 1~~, a computer for use in a data communications systems as well as a data communications method ~~in accordance with the preamble of Claim 18~~.

In the English translation document, please add the section heading at page 1 after written line 8, as follows:

--BACKGROUND OF THE INVENTION--

In the English translation document, please add the section heading at page 3 after written line 30, as follows:

--SUMMARY OF THE INVENTION--

In the English translation document, please amend the paragraph at page 4 written lines 1-10, as follows:

If a telephone conference is to be held between a number (especially more than two, e.g. three, four or five) external and/or internal TDM or PCM clients or devices, the relevant PBX computer can function as a conference control unit, especially as a "mixing desk" in order to merge or mix the (speech) data sent from the various clients or devices participating in the conference separately to the PBX computer and then to send the corresponding - mixed - data to the appropriate (remaining) clients or devices taking part in the conference, especially telephones.

In the English translation document, please amend the paragraphs at page 4 written lines 14-17, as follows:

This is achieved by the claims ~~It achieves this and further objectives by the objects of Claims 1, 17 and 18.~~

Advantageous developments of the invention are specified in the dependent ~~sub~~claims.

In the English translation document, please delete the line at page 5 written line 7, as follows:

~~The diagrams show:~~

In the English translation document, please add the section heading at page 5 after written line 7, as follows:

--BRIEF DESCRIPTION OF THE DRAWINGS--

In the English translation document, please amend the paragraph at page 5 written lines 8-13, as follows:

Fig. 1: shows a schematic diagram of a data communications system in accordance with an exemplary embodiment of the invention; and

Fig. 2: shows a schematic diagram of the structure and the operation of a communication control computer used in the system shown in Figure 1.

In the English translation document, please add the section heading at page 5 after written line 13, as follows:

--DETAILED DESCRIPTION OF THE INVENTION--
